Precast Concrete Specialties
or
SECTION – 04720
ARCHITECTURAL CAST STONE

World's Most Affordable Precast Concrete Wall Caps

APPLICATIONS

- Wall Caps
- Copings
- Precast Decorative Treatment

DESCRIPTION:

Architectural Pre-Cast concrete is a refined concrete mix and pours into molds to achieve desired shape. Pieces are de-moulded the following day and moist cured for seven days. Architectural Precast Concrete is a superior substitute for natural stones for the fraction of the cost.

STANDARD COLORS

Rustic Porcelain, Rustic Tan, Rustic, Auburn, Rustic Truffle, Rustic Slate
